About Page

The art of blacksmithing, shaping metal into beautiful and useful items, is an ancient practice, and one that Jim Bomba has been performing for decades. Jim's early beginnings with anvil and forge as a hobby date back to 1978, when he practiced his craft in a small forge he built to resemble a blacksmith shop in

Colonial Williamsburg—complete with a raised brick hearth outfitted with an overhead bellows to feed the soft-coal fire and a hood to carry away the smoke.

Today the Bomba family operates a 7,000 square foot state-of-the-art metalworking shop in North East, Maryland. The name Red Pepper Forge comes from Jimmy Bomba's love of hot, spicy red peppers, and his bright pepper-and-anvil logo is a symbol of quality that is known far and wide in the industry. The forge serves Maryland, Delaware, Pennsylvania and New Jersey, as well as outlying regions, and provides custom metal work for architects, builders and homeowners.

From candle holders and shutter dogs to huge estate gates with automatic openers, Red Pepper Forge has the capability to handle any size project in steel, brass or bronze. Please visit [Our Shop](#) for specific information about our equipment and capabilities.

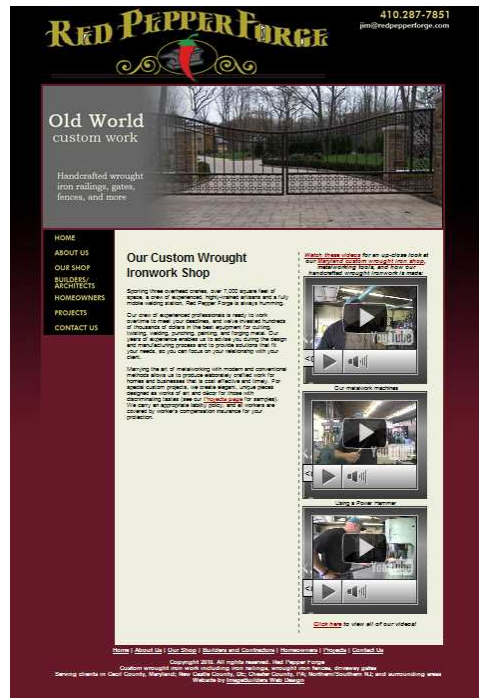

Our shop Page

Sporting three overhead cranes, over 7,000 square feet of space, a crew of experienced, highly-trained artisans and a fully mobile welding station, Red Pepper Forge is always humming.

Our crew of experienced professionals is ready to work overtime to meet your deadlines, and we've invested hundreds of thousands of dollars in the best equipment for cutting, twisting, welding, punching, painting, and forging metal. Our years of experience enables us to advise you during the design and manufacturing process and to provide solutions that fit your needs, so you can focus on your relationship with your client.

Marrying the art of metalworking with modern and conventional methods allows us to

produce elaborately crafted work for homes and businesses that is cost effective and timely. For special custom projects, we create elegant, unique pieces designed as works of art and décor for those with discriminating tastes (see our [Projects](#) page for samples).

We carry a multi-million dollar liability policy, and all workers are covered by worker's compensation insurance for your protection.

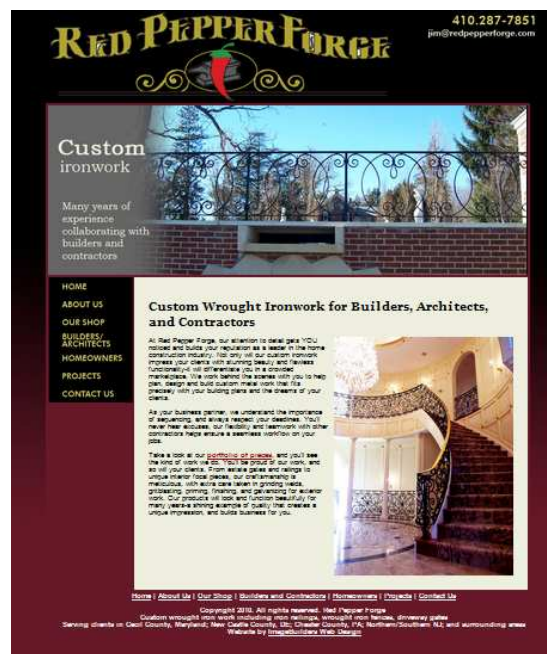

Any more equipment we can specify as to strength, capacity—anything that would matter to your clients?

Builders & Architects Page

At Red Pepper Forge, our attention to detail gets YOU noticed and builds your reputation as a leader in the home construction industry. Not only will our custom ironwork impress your clients with stunning beauty and flawless functionality—it will differentiate you in a crowded marketplace. We work behind the scenes with you to help plan, design and build custom metal work that fits precisely with your building plans and the dreams of your clients.

As your business partner, we understand the importance of sequencing, and always respect your deadlines. You'll never hear excuses; our flexibility and teamwork with other contractors helps ensure a seamless workflow on your jobs.

You'll be proud of the work we do for you, and so will your clients. From estate gates and railings to unique interior focal pieces, our craftsmanship is meticulous, with extra care taken in grinding welds, sandblasting, priming and finishing. Our products will look and function beautifully for many years—a shining example of quality that creates a unique impression, and builds business for you.

Homeowners Page

For homeowners who want quality, beauty and functionality, Red Pepper Forge delivers. We provide custom-crafted wrought iron and metal work for all kinds of jobs—large and small—and we can help beautify your home with railings, balusters, swimming pool gates, ornamental fencing and more.

Whether you're looking for a simple front porch railing or a powered estate gate, we can help. We're local artisans and craftsmen—not a catalogue company—so each piece is hand-forged in our state-of-the-art shop, exactly to your specifications.

Take a look at our [portfolio](#) of pieces, and you'll see the kind of work we do. Our finishes and welds are flawless, giving you a beautiful product that will last for years—and leaving quite an impression on your neighbors and friends.

We fit our professional installation into your schedule, too. Your convenience and satisfaction are our top priorities, and we work hard to grace your home with ironwork that fits your taste and style.

Tell us what you need, and let us help you bring your vision to life with beautiful, functional, custom wrought-iron creations for your home.
